

NOTICE TO OUR PATIENTS:

As a courtesy, our office will file your insurance claim and check your dental benefits. However, you as the patient must understand that it is not our responsibility to know which insurance company currently provides your benefits, or what the exact benefits are.

Your dental insurance is an agreement between the insurance company and your employer. At any time, without notice, your insurance company or employer can make changes to the policy that neither you nor our office are aware of. It is not our office's responsibility to know if and when these changes are made. We are also not responsible for the rate scale your employer has agreed upon, or what the employer allows for benefits.

If you are self-employed and have independent insurance, it is your responsibility to know what benefits are allowed under your policy.

We are more than happy to file any insurance claim on work completed. However, if you have an insurance that does not pay us directly or if you decide to pay us and let the insurance company reimburse you, then it is your responsibility, not that of the office, to follow up on the claim and get paid by your insurance company. You are responsible for the remaining balance after your insurance company has paid their portion.

*****If you are self-pay, you are responsible for paying the entirety of your bill and agree to do so in a timely fashion. Payment plans are available upon request.*****

I have read and understand Fitzgerald Family Dental's financial policy.
